Job Title: Mechanical Engineer – Graduate Apprenticeship

Contract: Fixed Term – 4 years

Salary: £10,000 per annum

Employer:

Vert Rotors is an award-winning team of technology pioneers who design and manufacture the world's smallest highly powerful screw compressors for satellites, supercars, medical devices and many other uses. We are a leader in ultra-precision engineering in Scotland. Our precision CNC factory includes 5-Axis CNC milling turning machines, and manufactures to sub-5 micron tolerances. We have been recognised as Inventor of the Year 2017 and won the Scottish Best Management Team of the Year Award 2017 - but we have more exciting challenges ahead.

Work Environment:

We are looking to recruit apprentices for the new 2018 academic year. This is a unique chance to be a part of the team that advances new compressors into space, supercars and other high-performance applications. Working within a fast-paced production environment, this is a demanding position where you will be expected to work quickly and efficiently without compromising safety and quality. You will work 40 hours a week, 8am - 5pm Monday – Friday.

What might a day in this job look like?

The role will involve an apprenticeship training course combining both university learning and practical work experience. It is envisaged that, at the end of the apprenticeship, the apprentice will be offered an engineer role at Vert Rotors. With some good experience behind you, there is potential to develop into supervisor and management positions within Vert Rotors, i.e. Design Engineer, Production Manager, Project Manager or Quality Control Manager.

What will I learn?

You will work towards a BEng qualification and will be equally skilled in both mechanical and electrical engineering. You will also learn:

- Engineering design using CAD software of mechanical components and systems
- Mechanical assembly, testing and evaluation of systems
- Analysis of mechanical systems, including, wear (tribology), fatigue, thermal, vibration and acoustics
- How to develop manufacturing drawings in accordance with industry standards
- How to read and interpret blueprints, technical drawings, schematics and computer-generated reports
- Principles of quality control
- Application of electronic control systems and drives.

What Qualifications / Qualities are required?

Entry requirements:

You must have A-B grades in Higher Maths, Science, English and Design & Technology. We also accept students who have already completed L2/L3 NVQ in Engineering subjects. In addition to the academic qualifications, the successful applicant must have an interest in engineering, be keen to learn and develop new skills. An interest in technology is a requirement

Skills required:

- A 'can-do' attitude and willing to 'roll your sleeves up' and get on with the task in hand

- Enthusiastic and keen to learn
- Good communication skills
- Ability to work quickly and under pressure
- Flexible approach and ability to manage a varied workload
- Initiative to work on your own and as part of a team
- 'Hands-on' hobbies
- Logical thinker
- Good problem-solving skills
- Methodical approach to duties
- Self-motivated and highly organised
- Ability to demonstrate your initiative to overcome challenges
- Ability to complete work accurately
- Ability to prioritise tasks and processes
- Demonstrable high level of attention to detail.

Closing Date:

Tuesday 31 July.

Job Title: Software Engineer – Graduate Apprenticeship – 4 posts

Contract: Fixed Term – 4 years

Salary: £14,100 - £18,000 per annum

Employer:

Accenture solves our clients' toughest challenges by providing unmatched services in strategy, consulting, digital, technology and operations. We partner with more than three-quarters of the Fortune Global 500, driving innovation to improve the way the world works and lives. With expertise across more than 40 industries and all business functions, we deliver transformational outcomes for a demanding new digital world.

Although you might not be familiar with us, there's a good chance you've seen our work – after all, we've delivered projects for some of the biggest household names around. Take the RBS 6 Nations Official Championship App for instance, or the biometric passport readers at the gates of Heathrow Airport. We work with the very latest technologies and many of the projects we work on change the world. That's why our people tend to get excited when they talk about their careers.

Work Environment:

We are currently seeking apprentices who are looking for a rewarding career with Accenture. We recognise that university isn't for everyone and we are offering an exciting alternative. Our Software Technology Apprenticeship will provide you with the opportunity to build innovative solutions for our clients by utilising the most cutting-edge technologies. It is a Graduate Apprenticeship that will last for 3 or 4 years, depending on prior knowledge and academic achievements.

What's in it for you?

- The opportunity to obtain a world recognised degree in Software Engineering (paid for by the company) whilst gaining invaluable work experience at the world's leading Management Consulting & Technology company.
- Training and mentoring from subject matter experts across Accenture – people who continue to maximise technology to transform businesses.
- Regular performance reviews and a strong support network of mentors and buddies as we continuously invest in your future.
- Access to a diverse range of clubs, societies and networking groups.
- Permanent employment at the end of the programme, free from university debt.

The best part is that you don't need to have any technical experience or programming skills. But we do look for apprentices who have a real interest in technology and a desire to build skills in this area.

What might a day in this job look like?

We work in many different sectors to help businesses, charities and even governments achieve higher performance through the latest technology. We smooth out their processes, improve their customers' experiences, save them money and increase their productivity.

Throughout your apprenticeship, you could find yourself working for several different companies, completing a wide range of different tasks, gaining knowledge across the technical spectrum from design, build and testing.

What will I learn?

You will study on a 3 or 4 year degree programme towards a BSc (Hons) in Software Development for Business at Heriot-Watt University (Edinburgh Campus). This will provide a solid foundation in Computer Science foundations and are proficient in applying programming techniques in diverse applications.

You will also learn:

- to develop well-structured, efficient, usable and well-documented computer programmes
- to apply general software development skills in a concrete industrial setting
- the ability to operate in a team and multidisciplinary contexts
- planning and problem-solving skills
- the ability to develop innovative solutions to society's practical needs.

What Qualifications / Qualities are required?

You will need to have:

- a minimum of five Highers at BBBBC (or A-Levels BBB or Int. Baccalaureate 28 points)
- advanced entry can be considered if qualifications over and above this have been achieved.
- applicants without a formal qualification in computing are welcomed; however, some prior experience in the subject is useful. We recommend Scottish Higher / A-Level Computing or equivalent, for level 1 entry

We are planning to hold assessment centres in early August, so please apply as soon as possible to be considered for this apprenticeship.

Closing Date:

Sunday 29 July.

- Take responsibility for preparation of sales proposals, and work with your technical team to prepare proposals for more complex client requirements.
- Provide client end-user awareness training on services provided.
- Work with the business to achieve excellent service satisfaction.
- Use the company's tools to plan the development of our clients' IT.
- Use the sales plan to cross-sell and up-sell services to clients.
- Produce technology roadmaps for each client and review on a regular basis.
- Manage projects and help set client expectations.
- Undertake regular client account review meetings and ensure that all the clients have an effective IT plan and that Onestop IT delivers on that plan.
- Monitor the client feedback platform.
- Work with the Service Delivery Manager to understand service complaints and escalate as necessary.
- Work with the Service Team to manage all hardware and software warranties and subscription renewals.

Additional duties and responsibilities:

- Attend weekly, monthly, and quarterly planning meetings.
- Prepare and attend regular personal one-to-one performance meetings.
- Complete necessary business systems training to facilitate the role in line with company policy.
- Document internal processes and procedures related to duties and responsibilities.
- Document daily activities and manage time using company management systems.

What will I learn?

You will study towards an MA (Hons) in Business Management at Heriot-Watt University and gain qualifications in Business Analysis and Project Management.

What Qualifications / Qualities are required?

- 4 Higher exams at B grade or above. Alternative qualifications may be considered
- Personable, build strong relationships with clients and the team
- Influence and support clients and team members with a positive attitude
- Enjoy working with people
- Demonstrate high energy and drive with great listening skills
- Have an interest in technology and how it can be used to help our clients
- Strong organisational skills
- Strong presentation skills
- Skill in preparing written communications and materials
- Ability to multi-task, solve problems, and adapt to changes quickly
- Typing skills to ensure quick and accurate data entry
- Self-motivated with the ability to work in a fast-moving environment.

Key responsibilities, duties and objectives

To deliver the high standard of customer care to all visitors at all times; enthusiastically provide information and assistance to visitors throughout the visit, whilst also ensuring visitor safety at Edinburgh Castle, and ensure high standards of presentation and professionalism are maintained at all times.

Modern Apprentices are required in the three areas in the Castle:

Admissions

- Provide a world class welcome and direct visitors as appropriate upon their arrival at Edinburgh Castle
- Sell appropriate tickets and products to all walk up visitors
- Ensure all vehicles entering the castle and parking on the esplanade have the appropriate approval
- Ensure the security and safety of the visitor, whether arriving on foot, by bus or by car, and any other activity taking place on the esplanade throughout the day
- Ensure all group visitors to the castle are welcomed and their access into the castle is managed as efficiently and effectively as possible, providing additional information as appropriate
- Provide information on other Historic Environment Scotland sites and services available to visitors
- Process sales, while ensuring that all financial procedures are adhered to and carried out accurately and efficiently.

Guiding

- Welcome and assist visitors on their way around the castle
- Work on both indoor and outdoor posts throughout the castle
- Oversee the security, cleanliness and tidiness of the various apartments throughout opening hours
- Knowledge of Scottish history and the castle would be advantageous, although training will be given

- Additional duties may include driving our mobility vehicle.

Retail

- Carry out the daily operational duties of the shop as requested by the supervisor or retail management
- Maximise trading income through selling and upselling appropriate merchandise
- Process sales, whilst ensuring that all financial procedures are adhered to and carried out accurately and efficiently
- Ensure the correct pricing of stock
- Ensure the shop is well stocked and merchandise is appropriately displayed at all times
- Assist in the daily banking and cash conveyance as and when required
- Ensure that high standards of shop hygiene and housekeeping are maintained at all times.

The Modern Apprentices will spend the first three months in all three areas taking part in a thorough and detailed induction of the castle, after which they will each be placed in one area where they will stay for the remainder of the contract unless stated otherwise. At this point, the Modern Apprenticeship qualification will commence.

What will I learn?

You will undertake a Diploma in Cultural Venue Operations (SCQF Level 6) delivered by Rewards Training.

What Qualifications / Qualities are required?

Ideally, we are looking for National 5s including Maths and English, and/or Higher Grades.

Desirable competencies

- Delivering excellent service – demonstrating a commitment to quality services
- Teamwork – Contributing to and supporting working together
- Planning and Organising – putting plans and resources in place to achieve results
- Communication – communicating appropriately and clearly
- Knowledge & Experience – applying and developing knowledge and expertise to achieve results.

Closing Date:

These positions will be closed when suitable applicants are found.

Job Title: Artisan Baker - Modern Apprenticeship

Contract: Permanent after trial

Salary: Modern Apprenticeship National Minimum Wage for the first year

Employer:

At the Breadwinner we're passionate about baking. Since 1973 our master craftsmen bakers have been baking in Edinburgh - kneading and shaping dough by hand. We prefer to use traditional, simple methods and allow time to naturally enhance our products, rather than adding anything that would change the quality or flavour of our breads. We're proud of our heritage - and work hard to supply breads, cakes and pastries that are locally made, freshly baked and full of flavour.

Work Environment:

You will be working in a small team within a busy wholesale artisan bakery at South Gyle.

What might a day in this job look like?

- Learn and apply food hygiene and safety practices, personal hygiene, equipment and work place cleaning, stock rotation systems, and the systematic and preventative approach of Hazard Analysis and Critical Control Point (HACCP) in food production process.
- Learn about the main ingredients used in baking and how to use and store them.
- Weigh ingredients according to recipes and calculate the amounts needed for a given yield (output).
- Follow recipes and processes for making baked goods.
- Use and clean specialised machinery (mixers, dough breaker, oven etc) after each use as required.
- Use specialist tools (rolling pin, piping bags etc) for producing products.
- Understand and conduct proper fermentation for yeasted products.
- Hand divide, shape breads and buns and baking goods.
- General cleaning of equipment and work place area as required.
- Reflective practice on all aspects of the job, while constantly striving to achieve high quality and regularity of products.

What will I learn?

You will complete a 3-4 year apprenticeship which will include practical on the job training working closely with some of the best bakers in Scotland. This training will be supplemented by SQA accredited SVQs.

What Qualifications / Qualities are required?

- Qualifications aren't important – we are looking for someone who will be dedicated to learning the skills required to become a fully qualified baker.
- We are looking for a motivated young person with a passion for bread and baking who strives to achieve high standards and pays attention to detail.
- You should have good communication and problem-solving skills, be numerate, hardworking, organised and enjoy working in a team.

If you are successful in the first round of interviews, you may be invited along to spend some time in the bakery to see what working there would really be like.

Job Title: Apprenticeship in Hospitality Scotland

Contract: Fixed Term – 2/3 years

Salary: circa £14,000 per annum

Employer:

The Apprenticeship in Hospitality, Scotland was created to attract the best young people in Scotland to consider hospitality as the rewarding career opportunity that it is. Our aim is to nurture, develop and inspire the next generation of highly skilled talent for the Scottish hospitality industry.

Work Environment:

Over the two years of the apprenticeship, our candidates work in a partner property where they learn about and gain experience across a range of hotel operational areas – unlike current apprenticeships which are generally restricted to one department. Our apprentices also participate in bespoke masterclasses and Learning Journeys delivered by top industry professionals throughout the programme to support the curriculum and enhance their knowledge. Partner hotels in Edinburgh are The Sheraton Grand Hotel & Spa, The Principal George Street and The Principal Charlotte Square.

What might a day in this job look like?

Each day will be different working in hospitality. You will be employed by your property for up to four weeks prior to starting on the apprenticeship induction in October and will undergo an introduction to the programme and the Modern Apprenticeship framework. You will then begin your apprenticeship in Housekeeping and rotate every six months until you complete the two year programme. It is a unique programme and one that is enhanced with masterclasses and learning journeys.

What will I learn?

You will learn all sorts of different skills that are required in each different department of the hotel you work in but not only this, you will learn people skills, confidence, customer or guest service skills all of which are transferable into each department.

You will also be given the training required to perform the role to the best of your ability. The Modern Apprenticeship is enhanced with different masterclasses and learning journeys specific to each department you work in, in order to increase your knowledge and understanding of how a hotel department operates.

On completion, apprentices will be awarded an SVQ Level 2 in Hospitality Services through four different areas in the hotel: Housekeeping, Food and Beverage Service, Kitchens and Reception.

What Qualifications / Qualities are required?

You need a real desire to work with people in Scotland's hospitality sector. You need to be prepared to work hard in each of your 6 month blocks and have an open mind in all departments working with different managers and colleagues as you complete your two year apprenticeship.

All applicants must be willing to put the property's guests first at all times, work as a team and be passionate. The industry is always changing therefore you must be able to react to all changing situations, be reliable and have the desire to deliver world class customer service day in and day out.

The programme is open to 17-24 year olds and is underpinned by the Modern Apprenticeship Hospitality framework. Apprentice places are allocated after an interview process from a partner property and an eligibility of funding check through the SQA.

Job Title: Trainee Workshop Engineers/Installers – 2 posts

Contract: Permanent

Salary: £14,665 per annum

Employer:

Capital Document Solutions is Scotland's largest independent supplier of office equipment and document solutions, with over 200 employees working out of Edinburgh, Glasgow, Aberdeen, Dundee, Inverness and Shetland. We provide print and document solutions tailored to specific business needs to a large customer base, with offices and premises throughout Scotland.

As the major Scottish dealer for market leaders Ricoh, Konica Minolta, HP and Canon, we work closely with our customers to achieve significant reductions in their operating costs through our managed print services and at the same time, help them to reduce their carbon footprint. We are a leader in our field and also one of only 8 approved Scottish Procurement public sector suppliers. Our reputation in the industry is second to none and has been established over the years by our highly trained staff. Capital has grown significantly since being established in 1979 and acquired Highland Office Equipment in 2013. We are an ISO 9001 (Quality) ISO 14001 (Environment), ISO 27001 (Data Security) and Cyber Essentials (Data Security) accredited company

Work Environment:

Mainly based in the Edinburgh HQ workshop on McDonald Road, the job will develop across two main roles:

- Training on all aspects of the devices in the workshop, including the addition of associated software
- Delivering and commissioning the devices in clients' premises.

You will work 37.5 hours a week, Monday to Friday. Progressive basic salary as you complete training levels. Generous 33 days' holiday (increasing to 36 days after 2 years' service and 38 days after 5 years), including public holidays. Auto enrolment into the company pension scheme after 3 months. Clothing and safety equipment provided.

What might a day in this job look like?

- Shadowing and assisting /learning from the more experienced engineers
- Building and repair machines
- Installation of devices into clients' premises
- Fault find and decommission or refurbish devices
- Loading and driving vans
- Checking the installation access and site
- Liaising with the clients.

What will I learn?

- Training will be geared towards achieving an SVQ Level 3 in Engineering Maintenance (Electronics). Attending day release at a local technical college will be required.
- Career progression beyond gaining the SVQ, which typically takes 3-4 years to complete, could lead to opportunities, as they arise, depending on aptitude, as follows: field maintenance engineer, helpdesk engineer, IT software support/ solutions engineer or even a move into a sales executive position. Equally, you may develop to become a senior member of our Workshop team. Our management team in Service have generally started out as junior or trainee engineers.

- Full training will be given to service, customise, commission and refurbish top-ranked multi-functional printer/copier/ scanning devices.
- Health & Safety and environmental training.

What Qualifications / Qualities are required?

- No previous experience of digital office equipment is required, but you should have a keen interest in electronics/electro mechanics, and the ability to interpret colour output from a black to colour printer/photocopier
- You should have a clean driving licence to take your turn driving the Luton vans, with ideally at least a year's driving experience under your belt. A driving assessment will be undertaken for each trainee beforehand and you will initially be accompanied by more experienced engineers.
- Our reputation is built on excellent customer service and "can do" should be a natural part of your make-up, whether you are engaging with clients, suppliers, colleagues or the public.
- Attitude is as important as the skills that you bring to this role. We aim to grow our business through growing our people and our vision statement is: *to continuously strengthen our business and be proud of all that we are and do.* To be successful, we will expect you to demonstrate personal values that match our company culture of integrity, responsibility, care and openness.
- Our engineers also load the devices on and off our Luton vans, for which you will require a good level of physical fitness, particularly to deal with more complex office installations.
